## PROJECTS

---

### Yoga Fitness — HTML, CSS, JavaScript

- Developed a Fitness Web Page by looking the harsh situation of covid pandemic. Implemented Contact Us page by using Google form and also added google map.
- Only vaccination is not the right solution. Because vaccinated peoples are also affecting. Here, if our immunity power is strong, we can easily fight against these types of diseases.

### eLearner — HTML, CSS, Java Script, JQuery, Bootstrap, PHP, MySQL

- Developed a full-stack web application (Group Project) using HTML, CSS, Bootstrap and JavaScript. Implemented Login and Sign Up features using PHP and MySQL.
- We made it dynamic and responsive using new trending technology. We select this project to enhance the quality of learning, teaching and improve self managed learning.
